"Alzheimer's Disease and Dementia Care Seminar"

With baby boomers approaching retirement, and many serving as caregivers for their own elderly parents, the need for in-home healthcare has never been greater. It is imperative now to have caregivers knowledgeable and trained in dementia to provide assistance to the aging population.

C.G. Nursing Services, LLC is committed to excellence in caregiving. We recognize the need for Dementia training and will be offering a seminar in "Alzheimer's Disease and Dementia Care Seminar"

As a caregiver, be prepared and increase your knowledge by, *taking the path to certification as a "Certified Dementia Practitioner" through the "National Council of Certified Dementia Practitioners"*.

Credentials

Cynthia Ebanks R.N., BSN, CCM, CDMS, QDCS, CDP, CADDCT, CDSGF.

CURRICULUM VITAE

Cynthia Ebanks has over 30 years of training and experience in Nursing. As a certified disability management specialist, and Certified Alzheimer's disease and Dementia Care Trainer through the National Council of Certified Dementia Practitioner, she has collaborated on thousands of workshops. Her facilitation experience includes workshops, seminars, supervisory, leadership development, customer service, coaching families on elder care, dementia care, training for caregivers and families.

Cynthia Ebanks is the founder of New England Nightingales Home Care Service, LLC, specializing in providing exceptional daily care delivered by trained and certified professionals. The agency provides companion and homemaking services for chronic and stable conditions, medication reminders, transportation, monitoring client safety and 24-hour care. New England Nightingales services the elderly, accident care victims, new mothers and people recently released from the hospital.

"Alzheimer's Disease and Dementia Care Seminar"

This course will provide fundamental education on dementia and dementia care.

Identify common causes of aggressive, repetitive and sundowning behaviors in adults.

Define various types of behaviors and care interventions that may be used to prevent or reduce difficult care situations.

Identify challenges related to caregivers' stress and provide stress reduction techniques.

Learn various types of communication techniques.

Learn sensitive approaches to assisting patients with activities of daily living.

Discover alternative activity interventions that are success oriented and failure free.

Obtain certificate of attendance in seminar
